# Care Coordination in the Safety Net

# Coordinated Care Initiative

- **Purpose**

- To integrate delivery of medical, behavioral, and long-term care services and for dual eligible beneficiaries.

- **Challenges**

- Financial alignment is not care coordination.

- **Successes**

- Financial incentives are helpful!
- Starting down a path...

# Health Homes

- **Purpose**

- Care coordination for high risk Medi-Cal beneficiaries, particularly experiencing homelessness or with behavioral health challenges.

- **Challenges**

- Can health plans work outside the box?

- **Successes**

- Starting down a path...

# Whole Person Care

- **Purpose**

- Building local safety net system capacity for care coordination.

- **Challenges**

- Technical barriers to communication and partnership.

- **Successes**

- (Surprise!) Starting down a path...
